

# Help the Snowman Count Snowballs

Please help your child learn and remember the Ten Little Snow pals finger play. To extend your child's learning, you may do this counting activity.

Developmental Areas: math and literacy.

Materials needed: Attached cards and cotton balls, or small manipulatives.

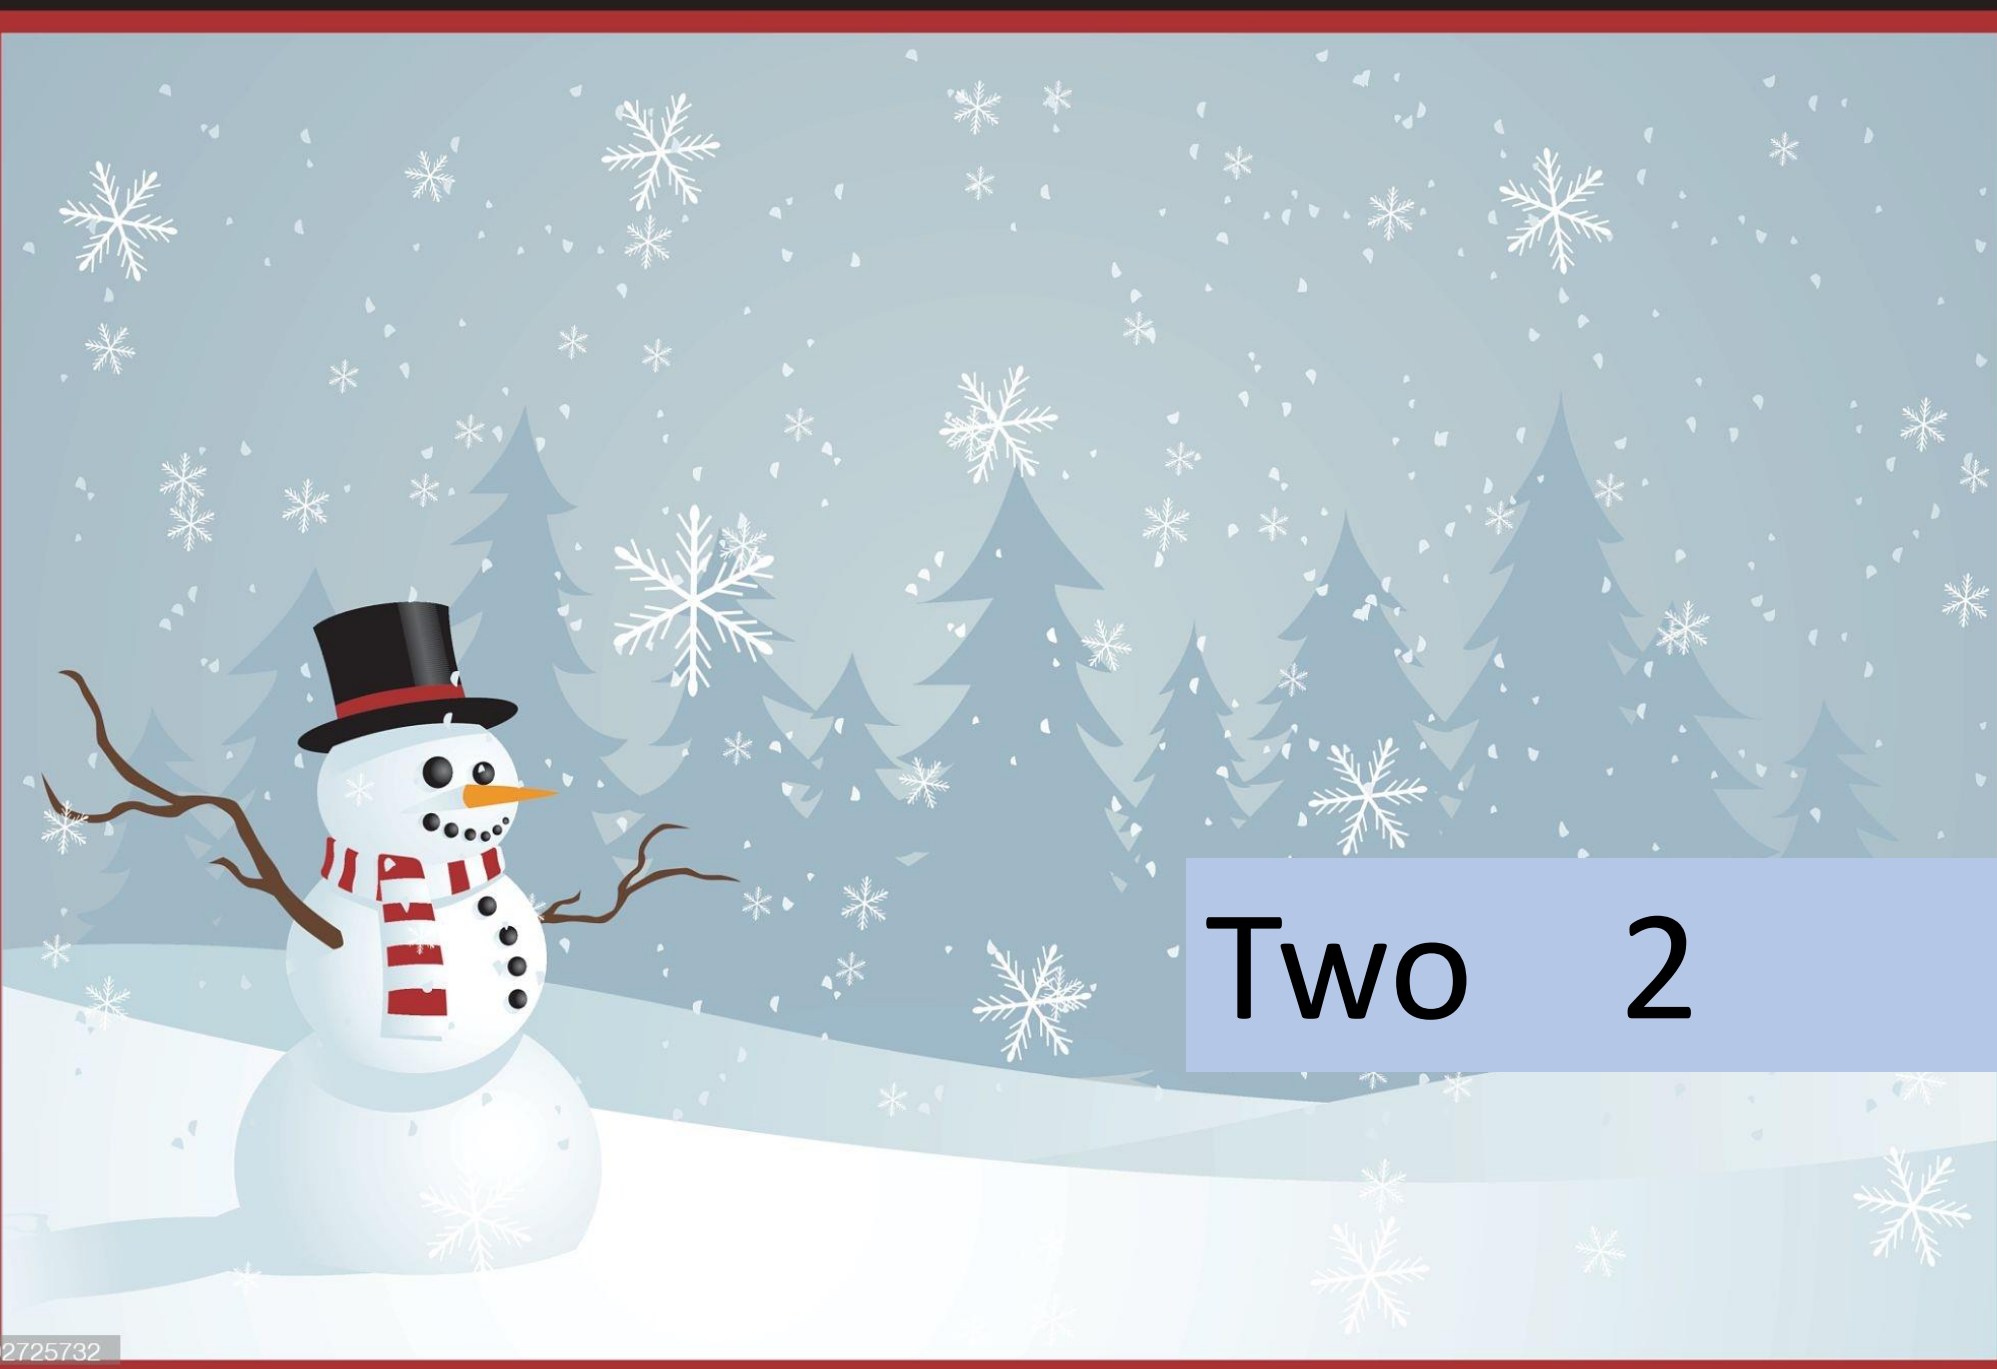

## Instructions:

Print out the 10 snowman cards. Have your child choose a card and identify the number; giving them help if needed. Count the number of snowballs (cotton balls) needed to put on the snowman card. If you do not have cotton balls, you can use other manipulatives such as buttons.

To extend learning, you can use dice, count the number of cotton balls that match the dice and place them on the snowman cards.
